

The Meadoway

COMMUNITY POWERED GREEN SPACES

The Meadoway Multi-use Trail Municipal Class Environmental Assessment Schedule C - The Meadoway Class EA

Project Overview

The Meadoway will provide a green east-west link between Rouge National Urban Park and downtown Toronto, by transforming 16 km of underutilized greenspace within the hydro corridor into a more cohesive and revitalized active transportation network and community space. The Meadoway Class EA will facilitate the creation of a multi-use trail network within the hydro corridor.

Meeting Purpose

To introduce and seek feedback on The Meadoway Class EA:

- Objectives and opportunity
- Existing conditions
- Preliminary alternative trail alignments
- Proposed evaluation criteria
- Preliminary visualization toolkit

Agenda

OPEN HOUSE & WORKSHOP
6:15 p.m. - 7 p.m.

PRESENTATIONS

- Class Environmental Assessment
 - Preliminary Visualization Toolkit
 - Question and Answer Period
- 7 p.m. - 8 p.m.

OPEN HOUSE & WORKSHOP
8 p.m. - 9 p.m.

A project of:

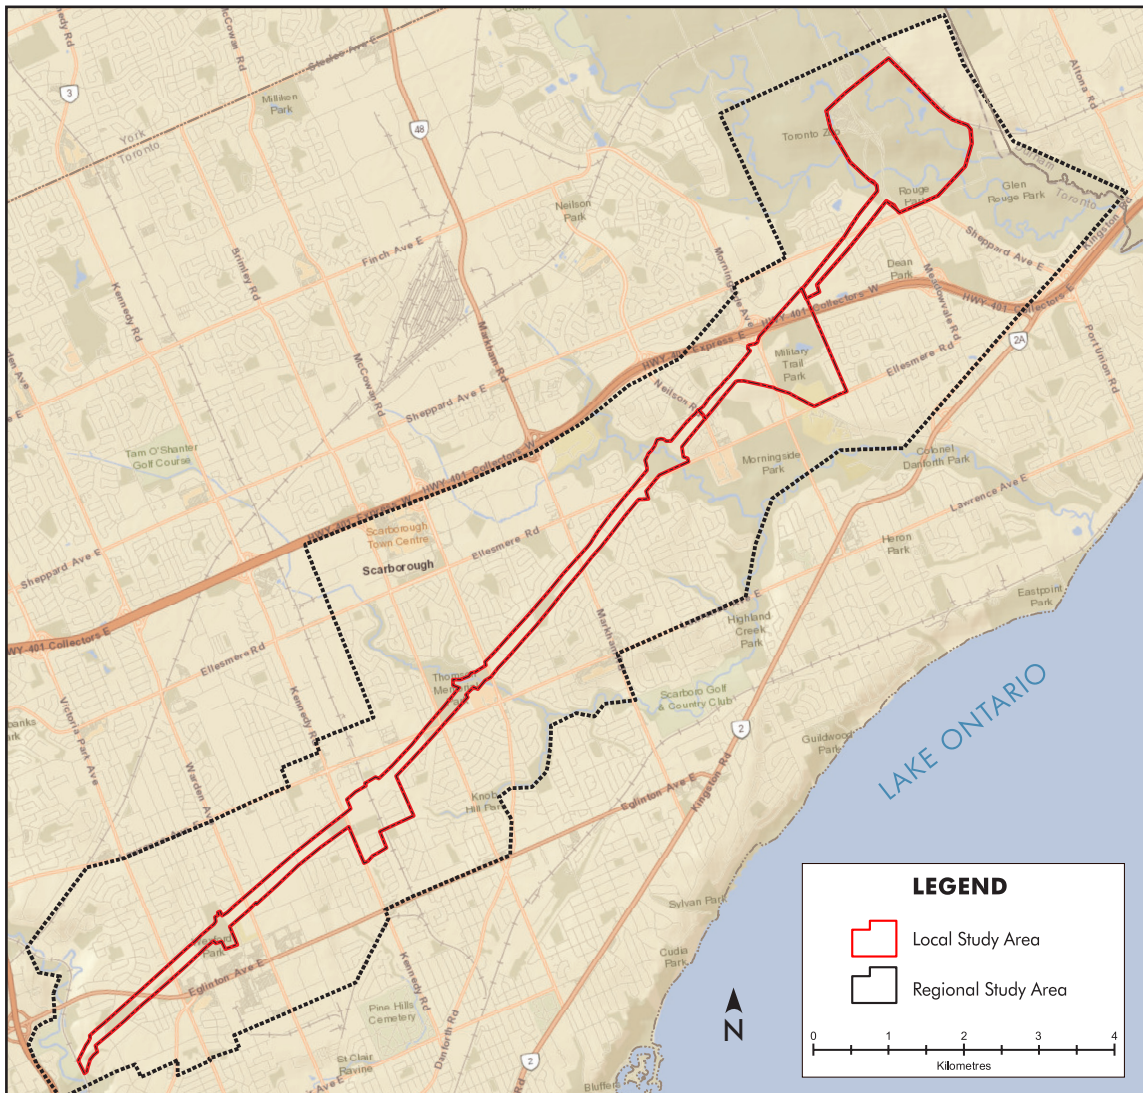

**Toronto and Region
Conservation
Authority**

The Meadowway Class EA

The Meadowway Class EA will identify and evaluate a range of alternative trail alignments (and associated pedestrian bridge and road crossings) focusing on the three “incomplete” sections of the 16 kilometre hydro corridor where no multi-use trails currently exist. Phase 1 and 2 of The Meadowway Class EA are underway and include the following components: guiding principles, opportunity statement, EA objectives, existing conditions, preliminary alternative trail alignments and proposed criteria to evaluate the preliminary alternative trail alignments.

Study Area

Preliminary Visualization Toolkit

In compliment to The Meadowway Class EA, a “visualization toolkit” is being created to help animate the look and feel of The Meadowway and demonstrate what is possible for the future of the hydro corridor. Phase 1 of the visualization toolkit is underway and includes the following components: review of existing conditions, opportunities and challenges, concept plan, preliminary cross sections, and sketch renderings (artistic depictions).

The Meadoway Class EA - Comment Form

The Class EA and visualization toolkit components of this PIC serve to both inform and be informed by you, the public. Please fill out this comment form, talk to staff, visit the interactive map or contact us to provide your input! *Comments regarding this Phase of the EA are due by May 8, 2019.*

Questions

1. Do you have any comments on The Meadoway Class EA (e.g. proposed alternative trail alignments and draft evaluation criteria)?

2. Do you have any comments on the preliminary visualization toolkit??

Please leave your completed questionnaire at the registration desk on your way out or, if you'd like more time, please send your comments by email to Corey Wells at the address listed on the cover page of this hand out no later than May 8, 2019.
